

AmeriNest™

Bird Nesting Material

AmeriNest™ is a top seller for Wild Bird stores

The mixture of fun and informative packaging makes AmeriNest™ attractive to retail customers and a great up sell item. With retailers selling bags at double their cost, or more, sales staff can easily increase sales by pointing out AmeriNest™ and adding a bag to each customer's purchases.

"I Had my nest together in half the time"

Bird quotes make on package make AmeriNest a great gift!

TAG FRONT & BACK

The bright bag and ribbon not only attract birds, it also makes AmeriNest™ irresistible to your birding customers.

Customers have been known to buy a dozen bags at one time. AmeriNest™ is simple to place strategically around your store and requires no shelf space. Each bag is conveniently UPC coded.

Songbirds are beautiful and wonderful friends. But they are also expert builders and engineers. Giving birds material to build nests is the number one secret to attracting more Cardinals, Orioles and many other songbird species. Best yet, expert ornithologists tell us, word spreads among birds when they find nesting material.

AmeriNest™ is soft, yet durable and native to North America. This durable kenaf plant fiber is the perfect nesting material. Keep your store well stocked with AmeriNest™ all year round. Your bird friends will thank you.
